As usual, their remarks were intended to produce disaffection in the Democratic ranks and not to advocate any principles of their party, if, indeed, it has any principles. They were completely demolished by the gentlemen who spoke for the Club, and made no more impression upon the minds of those present, except that they were engaged in a worse than fruitless undertaking.

Society.

The Summer meeting of the Society is announced to take place at Anderson on the 15th of August.

The gathering will be an interesting and important one, and will doubtless attract a large number of the prominent men of the State. The subjects of discussion during the meeting are announced as follows:

Cotton Seed—Feeding and fertilizing value.

J. B. Humbert, Esq., of Laurens,
Cereals. Grasses and Forage Crops—Kinds, with varieties adapted to the South; methods of planting, culture and preserving.

W. G. Childs, of Columbia.

Farm Implements and Machinery—Our wants. Col. William H. Evans, of Darlington.

Live State—Varieties

Lire Stock—Varieties, economical feeding on Southern products. Hon. Thomas J. Moore, of Spartanburg.

The Mathematical Problem.

We have received six answers to the mathematical problem published last week, two of which were correct, the others being wrong. The following was the first correct demonstration banded in, and was made by Mr. J. H. von Hasseln: TOWN IN ACCOUNT WITH AGENT.

The Anderson Greenbacker Cornered. The Lexington Dispatch of July 12th gives the following account of a public meeting in that county in which the Green-back chief of this county figured conspicu-

meeting in that county in which the Greenback chief of this county figured conspicuously:

"The Greenback meeting at Boiling Springs church was a miscrable failure, so far as that party was concerned. The meeting was attended by about sixty-five persons, a goodly number of whom were Democrats. Col. John C. Haskell, Capt. H. W. Rice and Hon. S. P. Wingard spoke in behalf of the Democrats and W. W. Russell and L. J. Shealey in behalf of the Greenbackers. The Democrats achieved a signal victory, and the other party was so completely routed that they were ashamed to attempt any organization on the grounds and retired to some obscure spot. The question was squarely put to Russell by Judge Wingard: "Were you not in favor of and instrumental in the passage of the stock law in your county—Anderson; and were you not, to the extent of your ability, responsible for forcing the stock law on Lexington County?" Russell declined to answer the inquiry, and thereby admitted that he was. This killed him with those present who were disposed to follow his isms, and we hardly think he will put in his appearance in that section again."

The City Clubs and their Differences. Severel meetings of the two Democratic Clubs of the city have been held during the week with a view of harmonizing their differences in regard to the municipal matters, but as yet nothing of a permanent hature has been effected. The two clubs hature has been effected. The two clubs appointed committees of conference to arrange some plan for nominating municipal officers, and the committees met and agreed to recommend to their respective Clubs that each Club be entitled to three Aldermen on the City Council, and that Mr. D. S. Maxwell be nominated for Mayor. The old Club adopted the recommendations of the committee on Saturday morning by a small majority, but there was considerable dissatisfaction, with the action of the Club, and on Monday afternoon it was called together, the vote by which the report of the committee was adopted reconsidered, and the report referred to another committee who were instructed to confer with the committee from the Young men's Club with a view of ascertaining if some more equitable plan for the nomination of municipal offices could not be agreed upon.

The Young Men's Club met Tuesday

The Young Men's Club met Tuesday night and endorsed the action of the joint committee, and authorized their committee to confer with the second committee appointed by the old Club. The committee held a meeting on Wednesday morning, but failed to agree upon any other plans suggested. What the result will be, is hard to tall.

The old Club has a membership in the city of about 170 and the new Club about 65.

The Peabody Scholarships.

There are three vacancies in the Pcabody scholarships in the Normal Department of the University of Tennessee to be filled by applicants from South Carolina. The competitive examination of applicants will take place at Columbia on Wednesday, August 16th, and the successful candidates will be entitled to receive tuition at the University and \$200 during each term of eight months from the Peabody fund, which amount is found sufficient for the ordinary expenses of the student. This is a prize worth contending for by our aspiring youth, and for their information we subjoin the following:

following:

1. The applicant for a scholarship must be at least 17 years of age, present a certificate of irreproachable moral character, gentlemanly or lady-like habits, presumed good health, declare his intention to make teaching a profession, must give a pledge to remain at the College two years if the scholarship is continued so long, promise to submit cheerfully to all its requirements in study, discipline, &c., and to teach in the public schools at least two years if there is opportunity.

public schools at least two years if there is opportunity.

2. The applicant must obtain from the State Superintendent of Public Instruction for this State a certificate that he has passed a satisfactory examination before said Superintendent in the studies required for admission to the second or "middle class" at the College, viz.: In spelling, reading, penmanship, grammar and analysis, rhetoric, geography, civil and physical, arithmetic, algebra, United States history. No particular text books are prescribed for this examination. The candidates should give evidence of such kn wledge of the above branches as would justify omitting their further study. Students will also be examined at the College with reference to their classification, &c.

Honea Path Items.

The cotton crop on our sandy land is not so early this year as that on red land, but if we have rain we will make a good crop. Our corn is good. Our farmers have just stored away the largest crop of small grain ever raised in this country. Mr. C. E. Harper was out 26 days and threshed about 14,000 bushels.

On last Sunday there was rain in the northern and eastern portions of this township, but none in this immediate community.

ship, but none in this immediate community.

This place has seven stores—all doing a striving business.

There will be two Democratic Clubs in this township—not on account of any bad feeling existing among the citizens, but for the sake of convenience. The new club was organized on last Saturday at Friendship Church. The old club will reorganize on next Saturday at 3 o'clock. There are no patriote young men on this side offering their services to their country, nor do we hear much said about those who are offering themselves from other portions. The subject we are discussing just now is the new County. We want the adjoining corners of Anderson, Abbeville, Laurens and Greenville Counties cut off and made into a new County, with Honea Path the County seat. It is very probable if we could get a new County that the Atlantic & French Broad Valley Railroad would be built by this place. There is no place in the State where there is greater necessity for a new County, and no place where a new County could be carved out and leave the old ones in nicer shape than the one mentioned above. The candidate for the Legislature who is in favor of this new County and will work for it can get the zolid vote of this Township.

Broadaway Democratic Club.

In pursuance to the plan for reorganization of the Democratic Clubs of this County adopted by the County Executive Committee, Broadaway Club met on Saturday, 15th July, 1882, the former officers of the Club being absent. On motion, W. A. McFall was called to the chair, and S. N. Pearman requested to act as Secretary.

The object of the meeting was explained by the chair, and nominations for officers of the Club declared in order. W. A. McFall, being the only nominee, was unanimously elected President of the Club; J. M. Elgin, Vice President, and E. H. Brown Secretary. An Executive Committee was appointed.

Upon motion of J. D. Dobbins, the following preamble and resolution were unanimously alopted:

Whereas, our last President, Capt. Joseph B. Moore, has removed to Jack county, Texas, and this being the day of our reorganization, therefore be it

Resolved, That we deeply feel the absence of our former President, who was ever true to the best interest of this Club and the Democratic party. We deeply regret his absence, and recommend him to the kind regards of good men wherever he may go; and that he carries with him from this Club its gratifude for past services, and its best wishes for his future happiness and prosperity.

THE BOTTOM HAS FALLEN OUT

Unheard of LOW PRICES at the Paris Store

THE GREATEST BARGAINS YET OFFERED. Compare our Prices with those asked elsewhere, and the result will prove that the Paris Store still

continues to Undersell All!

THE exclamation, "How Pretty! Where did you buy!" The answer: LESSEE'S.
Surely they cost more, but nevertheless he sells Calico—Old Price 5 cents. New
Price 4: No scraps, but full pieces. In order to reduce the Tremendous Stock now on
hand, will from this day on offer at prices never heard of before in this country:

Special Bargains in yard-wide Bleaching at 10 cents, worth 123.
Special Bargains in Dress Ginghams at 123 cents, worth 15.

Special Bargains in Dress Lawns at 10 cents, worth 15.

Not only to Lead, but to Ex : is my mode of Doing Business. CLOTHING, CLOTHING.

Those in need of a Suit of Ready Made Clothing will find it to their advantage to visit my Establishment, and be convinced that my Clothing is well made, perfect-fitting and cheaper than the cheapest.

The fourth order for LADIES' HATS is now in stock, and they grow prettier every time. This last lot was purchased at 33½ per cent, under regular prices. Now, Ladies, is your time to wear a new and fashionable Hat. They are trimmed by experienced bands, and to be appreciated must be seen. I have studied the wants of my patrons, and take care to offer only new and desirable Goods, always at living prices, at the same time courting comparison of all purchases at the Paris Store with any similar goods from any part of the country, without fear that it will not be in my favor. All this has been accomplished in a fair and business-like manner, and not by so-called business tricks as to offer one particular article at a loss, with the expectation of regaining the loss by advancing the price of the next article the customer might purchase. Don't hesitate to visit me. Polite treatment to all. No trouble to show Goods. Look for the sign, and be sure you visit
